8. THE Government of Newfoundland will guarantee the due payment by the Company of the principal and interest of the "B" Debentures. Such guarantee will be given in such form as may be agreed to by the Government of Newfoundland. The Agreement by the Government of Newfoundland to give the said guarantee is subject to the completion of all acts and things required by the Government of Newfoundland to be done by the Company, relative to the Newfoundland loan being done or procured to be done to the satisfaction of the Government of Newfoundland, on or before the 30th June, 1923, or such later date as the Government may agree. - (C) That the Company will carry out the said works with the utmost expedition, and in respect of those parts thereof, which will be provided out of the Newfoundland loan, in such manner as may be best calculated to promote employment for persons domiciled in Newfoundland.

(E) That the whole cash proceeds of the said issue of the "B" Debentures, shall be paid into a separate banking account, or accounts, at the Company's bankers in Great Britain, Newfoundland, Canada or the United States of America, from which except with the written approval of the Government of Newfoundland, withdrawals are only to be made (a) for the purposes of paying the expenses of the Company, to an amount approved by the Government of Newfoundland of and in connection with this Agreement, and the effective completion thereof, and the creation and issue and sale or placing of the "B" Debentures, or (b) against certificates of the Government engineers, that the moneys certified for withdrawal, are required for making payments in respect of the Construction Contract, for work carried out, being carried out or about to be carried out in Newfoundland, and equipment and material supplied or about to be supplied, in connection therewith, and comprised within the Construction Contract (c) for the payment of the fees and expenses of the persons nominated by the Government of Newfoundland under Clause 1 hereof, or (d) interest on the said "B" Debentures up to the expiration of two years after the date of the public issue thereof, or (e) for working capital and the general purposes of the Company, not exceeding without the approval of the Government Director hereinafter mentioned, the sum of \$3,000,000. The said shares shall be so transferred, but the same shall, in the hands of the Trustees, be freed from all claims or rights of the present holders of such shares, or any persons claiming through or under them. So long as the said shares are held by the Trustees, the Trustees will, at the request of the Company, but as to (c) and (d) if and so far only as they can legally do so, according to the laws of Newfoundland, do all or any of the following things with respect to the said shares, as the Company may require, namely:—

(a) Waive all dividend and other moneys, payable in respect of the said shares or any of them, and refrain from exercising the voting rights attaching thereto.

(b) Surrender the said shares to the Company for cancellation in such manner as will permanently reduce the capital of the Company.

(c) Surrender the said shares to the Company in such manner as to render the said shares available in the hands of the Company for future use for such cash or other considerations as **may be** valid, according to the laws of Newfoundland.

(d) Concur in any other **arrangement with** regard to or dealing with the said shares which **may have been approved** by the Treasury and the Government of Newfoundland.

While the said shares are held upon trust for the Treasury, or the Government of Newfoundland as aforesaid, the Government of Newfoundland undertakes that the Trustees will not exercise any voting rights conferred by the said shares, and will not claim any dividend or other money payable in respect thereof, and acknowledges that the Company may distribute all profits available for dividend in any year amongst the remaining Shareholders of the Company in the same manner as if the said shares were unissued.

to the sum of \$2,000,000. Such fund shall be invested in securities approved by the Government of Newfoundland, and the Treasury, or placed on deposit with a bank approved of by the Government of Newfoundland and the Treasury, such investment or deposit being made in the joint names of the Trustees for the holders of the "A" Debentures, and the Trustees for the holders of the "B" Debentures, and the Company, and shall from time to time be applied by the Company, so far as may be necessary in paying any part of the interest or sinking fund payments in respect of the English loan or the Newfoundland loan, accruing after the expiration of two years after the public issue of the "A" Debentures, which the Company may be temporarily unable to pay out of other profits. Provided that if the amount of the Special Reserve Fund for the time being is insufficient to make such payments in respect of both the English loan and the Newfoundland loan, such payments in respect of the English loan shall be made in full before any payment is made in respect of the Newfoundland loan.

- (L) If at any time the Special Debenture Reserve Fund falls below \$1,500,000, no dividend shall be paid (except as mentioned in sub-clause (k) of this clause as to Preference Shares hereafter issued, reallotted or realised for cash), until the said Fund has been restored to \$1,500,000, and if it falls below \$2,000,000, no dividend, except upon the Preference Shares of the Company, shall be paid until the said Fund has been restored to \$2,000,000. For the purpose of ascertaining the amount of the said fund investments shall be valued at the middle market price for time being.

(M) That no dividend shall be declared upon any ^{Schedule} of the share capital of the Company other ^{Agreement.} than the said Preference Shares during the currency of the said Government guarantee, or while any money remains due from the Company to the Government of Newfoundland, unless the Treasury Director shall have given his vote in favour of a resolution of the Board recommending the declaration of the dividend.

(N) That during the currency of the said Government guarantee, and so long as **any money** remains due from the Company to the Government of Newfoundland, the Company will not, without the consent, in writing of the Treasury Director, issue any fresh shares in the capital of the Company, otherwise than for cash at or above par, but this provision as to price of issue shall not apply to the reallotment or realisation for cash of the said 135,000 shares.

(O) That the Company will forthwith do all acts and take all necessary steps by altering its Articles of Association, or otherwise to enable all the obligations of the Company under this Agreement, to be validly and effectively performed in accordance with the laws of Newfoundland.

10. IN consideration of the premises Armstrongs hereby covenants with the Government of Newfoundland and the Company, as follows:—

(A) That if the proceeds of the “A” Debentures and “B” Debentures shall not, after meeting all payments requiring to be made thereout, under or in connection with the provisions hereof or the Treasury Agreement, and in con-

Agreement.

nection with the completion by Armstrongs of the said works, leave sufficient liquid assets for working capital and the general purposes of the Company at the time when the works are ready for commercial operation, or if at any time or times before the 1st day of January, 1926, whichever is the later date, the Company requires further moneys for working capital and its general purposes, Armstrongs will advance to or procure for the Company from time to time, as and when required up to such last-mentioned date, a sufficient sum or sums for working capital and the general purposes of the Company, but such sums so to be advanced or procured, and the liability of Armstrongs in respect thereof shall not exceed in the whole \$500,000 (Newfoundland).

- (B) That if from any cause other than by reason of direct and specific interference by the British Government or the Government of Newfoundland, the works shall not have come into commercial operation on or before the expiration of two years after the date of public issue of the "A" Debentures, Armstrongs will, to the extent that the funds of the Company are insufficient to meet the interest and sinking fund payments in respect of the "A" and "B" Debentures, in addition to the sums (if any to be provided under this clause (A) for working capital and general purposes, advance to or procure for the Company, a sum or sums sufficient to make up the amount required to meet such payments during the period between the contract date of completion of the works, and the actual date when the works shall be put into commercial operation.

The principal and interest of all such sums so advanced to or procured for the Company

under (A) and (B) hereof shall be secured by ^{Schedule} debentures or debenture stock (herein called ^{Agreement.} "C" Debentures) to be issued by the Company and charged upon the whole of the property, undertaking and assets of the Company, subject only to the "A" and "B" Debentures, but the capital sum of the "C" Debentures shall only be repayable to the holders of the "C" Debentures after the Special Debenture Reserve Fund before mentioned, has reached the figure of \$1,500,000 and with the written approval of the Treasury Director, which consent shall not be unreasonably withheld, and no power of foreclosure shall be given to the holders thereof. The terms and conditions otherwise of such issue of "C" Debentures shall be subject to the reasonable approval of the Government and the Treasury Directors. Provided always that Armstrongs shall have the option of requiring that the sums so advanced or procured, may be secured or satisfied by the Company in any different manner which may be agreed upon and approved in writing by the Government and the Treasury Directors, other than by the issue of "C" Debentures, but in such a manner as not to prejudice the security of the "A" and "B" Debentures, or the position of the Treasury and the Government of Newfoundland as guarantors thereof. Provided further that the Company shall be at liberty at any time to issue, sell or realise Preference Shares of the Company for the purpose of the redemption of "C" Debentures at such price and on such terms and conditions as shall be agreed from time to time with the Government and the Treasury Directors.

- (C) That as soon as the said guarantees by the Treasury and the Newfoundland Government

Agreement.

have been validly given and become effective,
Armstrongs will enter into and proceed to
carry into effect the Construction Contract.

11. ANY sums paid by the Government of Newfoundland in pursuance of its said guarantee shall carry interest at the same rate as that payable by the Company in respect of the said loan, and such interest shall be payable quarterly, and so far as such interest is not paid on the due date, the same shall be deemed to have been added to the principal (but without prejudice to the right of the Government to demand payment), and shall accordingly carry interest at the said rate and so on.

12. THIS Agreement is subject to confirmation and approval by the Legislature of Newfoundland.

In witness whereof His Excellency the Governor in Council has caused the Great Seal of Newfoundland to be set hereunto, and has signed these presents, and the party of the first part has caused these presents to be executed in accordance with its regulations, and the party of the second part has executed these presents by its Attorney.
